Large Multiplication & Division - Up to 25x25

Instructions

Welcome to the JP Method Math Practice workbook. This book builds on fluency with the extended times tables (see the companion book, Multiplication: Times Tables to 15x) and pushes multiplication up to 25x25 alongside matching division practice.

- Work through one section at a time, mastering each range before moving on.
- Focus on accuracy when solving each problem.
- Write the answer clearly in the box provided.
- Use scratch paper if needed for calculations.
- For division problems, check your answer: quotient x divisor should equal the dividend.
- Use the answer key at the back to check your work and learn from mistakes.
- Consistent practice builds fluency and confidence in math.

Developing fluency with large multiplication and division is crucial for future math success. Keep practicing, stay positive, and enjoy the challenge!
