European Flags - Country Flags Instructions

This workbook helps students recognise and name the flags of European countries through progressive, region-by-region practice. Ten chapters of twenty pages each ramp from the best-known flags to the whole continent.

- Ten chapters, each 20 pages. Work them in order; each builds on the last.
- Every chapter opens with reading and tracing reference pages for its region's flags.
- Study the reference pages before attempting the matching exercises.
- Match each flag to the correct country and write the letters in the brackets.
- Later chapters mix in flags from earlier regions so you keep reviewing.
- The final chapter mixes flags from all of Europe for cumulative review.

Keep practicing and enjoy learning about Europe, one region at a time!
