
Section 5. Family & people

Read this page first - the back of it tests you on it.

Goal

Talk about family and describe people without the classic traps.

Grammar focus

False friends (parientes vs padres); ser for origin and identity.

Watch false friends: parientes = relatives, NOT parents (padres). Identity and origin take ser: Es rusa (she's Russian), Soy de Londres. Introducing someone: Este es el señor... For 'who was that?', register matters: ¿Era tu madre? (tú) vs ¿Era su madre? (usted).
